Joshua is 11 and wants to be a doctor when he grows up. He has written a letter to himself in the future. Read Joshua's letter and then write your very own letter to big you!

Dear Big Me,

If you are reading this in 10 years, as you promised, you will now be 21 years old. I hope you like being grown up!

At the moment I am 11 years old. My favourite subject at school is maths.

My big dream for the future is to be a doctor in my village because a lot of people are sick. I want to treat my grandfather and other people who are not well.

Have my dreams come true?

Anyway, I am sure you are very busy being grown up. I hope you have enjoyed reading this letter from when you were younger.

Yours sincerely,

Joshua
