

## terms and conditions

**IMPORTANT NOTE:** Virtually all of our expeditions take place in remote areas of the developing World. No matter how much preparation and organisation goes into an expedition, things can and often do go wrong. Health and safety, and general operational standards of transport and accommodation are unlikely to meet Western standards. If you can not accept certain last minute changes, please rethink before booking with us. The outline itineraries in our brochure and on our website should be taken as an indication of what each group should accomplish and not as a contractual obligation on our part. Please ensure that you have read and understood the general information contained in our brochure and/or the website regarding the style of our expeditions, flights, and other travel information before completing the booking form and signing the declaration (paper form) or ticking the appropriate box (online form) to indicate your acceptance of these booking conditions.

1. your contract
2. participation
3. expedition costs
4. sponsorship
5. the effect of price increases
6. if you amend or cancel your participation
7. if we amend the itinerary
8. if we cancel the expedition
9. our liability
