"If you go to school you will be something great in the future. I want to be a doctor in my village."

**Name:** Joshua  
**Age:** 11  
**Country:** Nigeria  
**Wants to be:** A doctor

My name is Joshua and I am 11 years old. I live in Nigeria with my parents, who are farmers.

I like going to school because I didn't know how to read and now I do.

When I finish school I help out with chores and do some farming.

I want to be a doctor in my village because a lot of people are sick. I want to treat my grandfather and other people who are not well.
